245 WEST BROADWAY, SUITE 360  
LONG BEACH, CA 90802  
(213) 590-4868

December 29, 1989

Mr. R.D. Mc Auley  
Petroleum Recycling, Inc.  
2651 Walnut Avenue  
Signal Hill, CA 90806

Dear Mr. Mc Auley:

PERMIT STATUS OF BASE OIL SERVICES AT 13579 WHITIRAM AVENUE, FONTANA, CALIFORNIA, (EPA ID NO. CAT080025711)

This is in response to your letter of November 3, 1989 containing information regarding past operating history of the subject facility. These records were submitted to demonstrate that the Base Oil facility is entitled to Interim Status.

Based on these records, we concur that a used oil recycling facility existed and operated at 13579 Whitram Avenue in Fontana, California, prior to November 19, 1980. The facility is entitled to Interim Status in accordance with the Health and Safety Code (H&SC), Section 25200.5(a). However, H&SC, Section 25200.5(b) restricts the waste types, treatment processes and their design capacities to those in place as of November 8, 1980 unless expansion is approved by the Department. Since the facility did not submit the Part A application and the records submitted with the above mentioned letter also did not describe the facility operation as practiced on or before November 8, 1980, we need the following information to process your request:

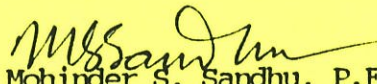

1. The waste type, quantity, facility storage and treatment capacity, and the treatment processes employed as of November 8, 1980;
2. A process flow diagram or a map showing the above equipment; and
3. The current capacity, types of waste(s) handled and treatment processes used.

Please present the above information in tabular format to speed up our review. Also, we would like to remind you that the financial responsibility compliance is required prior to issuance of the Interim Status. You are requested to submit the proof of adequate financial assurance with the above information. Please note that operation of a hazardous waste storage and treatment facility without first obtaining a permit or an ISD from the Department is a violation of H&SC. You are requested to submit the above information by January 31, 1990.

Mr. R.D. Mc Auley
